## **2021 Mechanics' Workshop**

**July 12th, 13th**  
**Casper, Wyoming**

Sharron D. Nichols Auditorium Casper College

WPTA hosting a MACS Certification Class

The class is approved through the Mobile Air Conditioning Society (MACS) for technician training requirements under Section 609. It carries MACS certification for working on mobile air conditioning, and the ability to purchase quantities for this purpose. The class itself consists of a half-day of certification preparation and testing, and the second half of the day on understanding and troubleshooting air conditioning systems.

Notte: This class does not certify for purchase of mass quantities of refrigerant.

**Agenda:**

**Monday**

7:00-8:00	Registration
8:00-12:00	MACS Certification
12:00-1:00	Lunch (Provided)
1:00-5:00	Understanding and troubleshooting air conditioning systems.

**Tuesday**
