

## *Awesome Ideas for Creative Artists!*

This new art book is a spin-off from a class the author offered to Seniors recently called "Art of Art". This book gives the reader a wide range of information on art through the ages.

Within the characteristics of the many art periods depicted in this book, cultures throughout the world have been captivated and influenced with art.

Famous artist from the past and present have expanded and created new expressions in art. This interesting read from prehistoric cave drawings to the 21 century art show careers in the various forms of art illustrations, cartoons, graphic novels, along with a new art wave that has developed, such as acrylic pouring!

We offer art history, facts, glossary, trivia and an index. In addition, our readers can explore new art projects and techniques.
