## Dorothy's Story

Dorothy, a 4 month old Dachshund Cross, was brought to the shelter as a stray on June 9th. Immediately our team noted a foul smell, and matts covering her body. Upon taking her to the vet, it was determined that she required a full body shave. After her hair was removed, vets discovered that Dorothy had mange, as well as a skin infection. She's currently being treated, but still has a long road to full recovery. With your help, we can provide the medical care needed to help this young pup's healing process. You can show your support for Dorothy by donating to our **Emergency Medical Fund**.

## Fun in the Sun

Thanks to the creativity of one of our amazing volunteers, our cats will now be able to enjoy the sunny summer days out on their very own catio. At the request of our feline clientele, we will be adding more of these structures in the coming months.

It may have been a rainy day, but that didn't stop Team SPCA from making this years Streetscapes one to remember. Rascal was out in full force sharing some love and showing off his dance moves. He even received top prize in this years annual 'Mascot Dance Off'. We also offered glitter tattoos and other fun games as part of the festivities.
