## **FAMOUS SHINEY HINEY**

"Famous Shiney Hiney" was brought to us in the summer of her 2 year old year after Sheila Hill purchased her from Bill and Cheryl Kennedy of Smoke Creek farms as a yearling. My husband, Randy, and I rode her on and off until her three year old year when, in the spring, we started her barrel racing training. She has always been pretty laid back to haul and not as nervous as some of the mares we have run. For the first half of 2015, she worked well but we just knew she had much more to give. We didn't want to pressure her too much so we were pretty careful how much we ran her, opting not to take her to the Diamonds and Dirt or the Old Fort Days futurity (as much as I love to go to those places). In June she started to change; fir-

ing harder and moving more through the turns. She won the Idaho Barrel Futurity in Caldwell Idaho in June and then she had about a month and half break from barrel racing.

I took her on rides on the desert, usually ponying another horse and rode her a lot at my husband's team roping practices following steers to the catch pen. When we did start getting her ready for the fall futurities, we took her to a jackpot in August that had about 60 horses and she won it. It was pretty exciting because even though it wasn't a big race, there were some very nice open horses there.

She did well at the fall futurities but Sheila, Randy and I all thought she was just starting to reach her potential. She just wasn't very pressured like some futurity colts get and we were all excited to take her to the BFA. She gets a little nervous now, but has remained pretty laid back to haul, handle and ride.

It's hard to express how amazing she felt when we got there. Her first run was a little erratic for her (she usually is so consistent running to her position), but she still clocked a 15.5. I was unsure if we should run her in the second qualifier or save her for the Saturday night finals, but Randy told me he watched the live webcast. He said, "She did it easily. Run her again Thursday and she will have a faster time going into the finals. She's not going to pressure." We talked it over with Sheila and decided to do it. Sure enough, she ran a 15.4 and she felt great.

I could tell she felt good Saturday night. While we were grooming, saddling, and getting her ready to run she was playing with everything she could reach...her tie rope, the brushes, the stall door, etc. When I got on she felt springy and good, but really attentive. The run just felt so smooth to me that it was incredible to see that she had run a 15.2!

Vauna & Shiney

One thing I want to say is that Famous Shiney Hiney (we call her Shiney) did not come on early but is an incredibly talented horse. I want to share that concept because I think many times if the horse doesn't start winning immediately people pressure them too much or give up on them. I think much like the potential of people, it varies greatly from horse to horse and some take longer.

I want to thank Sheila Hill. She always brings me great horses to ride and I appreciate her very much. I want to thank my husband, Randy. He is my rock and has confidence for me when I waiver. I also want to thank my daughter, Deena Van Tassel, who traveled to OKC with me and helped me until Randy flew in Wednesday night. I feel so fortunate to have this great circle of family and friends who support me in so many ways.

*Vauna*

#### **SHEILA HILL** owner of 'Shiney'

I am so thankful to be a part of this exciting experience...to take a little baby and watch it grow and learn; to work with them and grow close to them to develop a bond; to see a vision for them and watch it come alive. With Dash Ta Fame and Frenchmans Guy on her papers, we knew Miss Shiney Hiney could do great things. It takes so many people to achieve this vision. Vauna Walker is not only my friend and rodeo partner but the best trainer I know. What a pleasure to work with her and Randy. We have a blast doing what we love. Thanks to Bill Kennedy, with Smoke Creek Ranch, for giving me the opportunity to get Shiney and start our adventure together. Also, thanks to my husband, Dick, for all of his support.

*Sheila*

## ***SMOKE CREEK QUARTER HORSES***

***Bill and Cheryl Kennedy are the proud breeders of the  
2015 BFA Futurity World Champion, FAMOUS SHINEY HINEY***

**Breeding barrel horse champions** is no small feat for Bill and Cheryl Kennedy at Smoke Creek Quarter Horses in Bennett, Colorado. Bill spends tireless hours studying bloodlines. He looks for crosses to have good minds, fast turns and a lot of run. He figures if his wife can ride them, then anyone can do well on them. Bill watches race after race, watching the bloodlines and looking for patterns in their performance. But it doesn't stop there; once the cross is made, the brood mares are well taken care of with proper nutrition, vaccination schedules and farrier services. Once the babies hit the ground, they are imprinted, worked with, put on a good nutrition program and a vaccination schedule. They are convinced everyday they are champions; as every time Cheryl works with them she doesn't call them by name, she tells them, "you are going to be my next champion."

The great part of this story is that neither Bill nor Cheryl grew up in the horse industry. It was because of a dream and a lot of research and talking to a lot of people in the business that got them started. They started their program breeding Appaloosas in 2005. Cheryl actually learned to ride on the first horse they bred-- a little spotted horse named Cocodot. "We learned to ride and barrel race at the same time. In a little barrel club called COBRA-Colorado Barrel Racing Association, Cocodot was our first Champion and we were hooked from there."

Bill enhanced his program and started breeding to quarter horses. He started small and has grown his program; now expecting 17 babies this year. Bill has bred to the top sires in the industry including Dash

Ta Fame, Frenchmans Guy, Epic Leader and several others. However, he believes just as much in the mares. He has bred to direct daughters by Dash Ta Fame, Frenchmans Guy, and Marthas Six Moons. With the help of Royal Vista Southwest, and Dr Ryan Coy, most of the babies are a result of embryo transfers so the mares can keep competing. Bill and Cheryl believe in their horses and support their owners and riders even after the babies leave the ranch.

They travel to many of the Futurities to promote their babies. "It is just as exciting to be riding ourselves as it is to be cheering on the riders mounted on Smoke Creek babies. Sometimes it's less stressful in the saddle than it is sitting in the stands cheering."

Bill and Cheryl by no means take all the credit themselves. They are fully aware it takes a great team to make a great program. They are very appreciative of their team and talk highly of them. The team of veterinarians, farriers, jockeys and ranch help is what makes their program great.

Some of the other Smoke Creek winners which will be part of the mare team include: French Fly with lifetime earnings over \$22,000, J Quick Fame is an Amateur Futurity Champion and a two time Reserve Derby Champion, Iota Bee Good a Future Fortunes Rookie of the Year Reserve Champion.

In the right hands and a little prayer, any given day Smoke Creek Quarter Horses can be champions—however one defines a champion.
