

IMPORTANT:
**CONDITIONS OF USE FOR THE REVISED MOUNT
WILGA HIGH LEVEL LANGUAGE TEST**

This test was revised, with UK adaptations, by Fiona Simpson in 2006. She has kindly made this test available as a PDF document on the internet for clinicians and students to download free of charge. However, the following conditions are attached:

1. If using or quoting from the test, always refer to the original URL source:
<http://www.aphasiafriendly.co/free-resource-library.html>

or describe how to find the link via:

www.aphasiafriendly.co

2. Do not edit or alter the content of the PDF document in any way.

3. Copies of the test – either paper or electronic – may be made for clinical and training use with only the relevant pages printed out (blank test form starts on page 37). However, if making whole copies for others, always give the original reference as above.

4. No copies may be made or sold for any commercial purpose.

Please note, the Speech Pathology Department at Mt Wilga Private Hospital produced a revised Test Booklet and Client Response Booklet in 2016. This is freely available at:

<https://ecuspeechpathologystudentsharesite.files.wordpress.com/2015/05/mt-wilga-high-level-language-test-2016-edition-test-booklet.pdf> It does not have the UK adaptations.

Fiona Simpson is a Speech and Language Therapist based in County Durham, UK.
