About the club:

San Diego Air Cooled (SDAC) is extremely active and dedicated to the VW scene in southern California. We have over 6.6k Facebook members. We organize and sponsor most of the VW car shows and events that occur in San Diego County. SDAC is run entirely by volunteers who donate their time and energy to benefit their fellow members and the local community. It's those that volunteer that make sure SDAC's events are top notch. As a SDAC member you will be encouraged not only to attend all shows and events but to volunteer when San Diego Air Cooled is sponsoring.

What we do:

SDAC has recently become a 501c3 non-profit and our goal is to provide automotive scholarships for students in need. In December 2021 we started the San Diego Air Cooled Scholarship for Automotive Education with Cuyamaca College. The scholarship will be available to applicants in the fall of 2022 and we hope to carry this relationship long into the future. Other beneficiaries from our club include The San Diego Food Bank, The Imperial Beach Neighborhood Center and the Family Health Centers of San Diego. We also participate with Toys-4-Tots as well as support other local South Bay community outreach organizations.

NEW MEMBERSHIP APPLICANTS

New applicants must read, understand the by-laws (posted on www.SanDeigoAirCooled.com) and submit a signed application. New member applications will be reviewed, processed and recorded monthly.

DUES

Your dues will directly support the club (ie. member only BBQ or annual Christmas Party) as well as the expenses associated with the day to day operations with the running of SDAC (taxes, legal fees, website, PO Box, etc...).

MEMBER RESPONSIBILITIES

Each member will receive a SDAC 2022 sticker as well as an SDAC shirt. Additional SDAC 2022 Membership stickers/shirts will be available for purchase

SDAC is working hard to have a strong dedicated membership. We are looking for members that have a commitment to our club and what we stand for. We are looking for members that want to help with our events and take pride in a job well done. SDAC wants new voices to help improve what we do and how to make SDAC bigger and better.
