Face of Mars
According to the Lost Book of Enki, the Face of Mars was a mausoleum dedicated to the Annunaki *Alalu*. Annunaki means 'those from which came from Heaven to Earth' or 'fell' form Heaven. He came from Planet Nibiru that is projected to approach Earth in Fall 2015. Alalu is said to have once ruled Nibiru, discovered Earth and its gold, mined it but was exiled to Mars as a weigh-station. Mars was once full of life as it is evident by former river beds. The story tells that in one of Nibiru's fly-bys, the atmosphere was ravages as the landscape was too and it was abandoned by the Annunaki.

It is believed by the Ancients on Earth that these 'gods' are the ones that genetically engineered or 'created' man and placed him, Adamu in the Eridu, Eden on Earth. Such were the ones that had cities on Earth mirror the Pleiadian pattern with temples, pyramids, etc., for worship, sacrifices and configuration of time. Interestingly, the Giza Pyramid complex is adjacent Cairo or *Al Qahirah*, Egypt is derived from 'warrior' as in Mars alluding to Mars. With the advent of various Mars unmanned rovers, there has been some very peculiar and in some cases anomalies have occurred that are hard to explain as mere coincidences.

HAARP Technologies
The Cydonia Mars pyramid complex mirrors that of the 'Stargate' sacred geometry of Babylon and Ur of the Chaldeans. This location also corresponds to the Temple in Jerusalem. These sacred configuration produce power and energies that affect dimensions. Mankind is still attempting to use such knowledge through such means as HAARP for example.

BABYLON

PLEIADES Pattern
The palaces of ancient rulers like Nimrod, Nebuchadnezzar, and even Saddam Hussein, where build on the celestial alignments of the Pleiades and other start constellations. The knowledge of such patterns and coordinates that included their corresponding 'gates' were given to man by the Fallen Angels in rebellion to YHWH according to the Book of Enoch.

The Gate to the Pit
The Bible does say that there are 'gates' or portals into Heaven and Earth. In fact, in the Last Days, GOD will unleash or open some spiritual 'gates' in the Euphrates to let loose demonic forces and/or entities that will be used to judge a rebellious World. One such prominent Fallen Angel is Apollyon or the Apollo of the ancient world that is released from the 'Pit'. The point being that as such sacred geometry was used then and certain groups know of this, many have used such knowledge mingled with sorcery in an attempt to unleash or open the gates of heaven itself or other dimensions as Nimrod attempted to.

TOWER OF POWER
Tower of Babel is described to be a literal attempt to 'build' so high a tower that humans could ascend to 'Heaven' itself. Contrary, is was a 'Stargate' that could have pierced the spiritual.

A Portal of the Gods
The Bible declares that Babylon means 'Gate of the God', in essence certain locations on Earth were built directly on the energy of ley-lines or locations where Earth's vortices had maximum potential to pierce the realm of the spiritual and/or inter-dimensional. Babylon is such a location along the Euphrates River that has this sacred geometry configuration based on the Pleiades. There are numerous other locations around the globe that mirror this same heavenly design. Wayne Herschel in his research, The Hidden Record has cataloged most of these fascinating grid patterns. According to the Bible and other extra-Biblical sources, the visitation to Earth and knowledge of such power and geometry was passed down from Angelic Hosts that left their positions in the Heavenlies. Perhaps

The Celestial Temple Pattern
When the 'Stargate' sacred geometry is configured from Babylon's Tower or Temple to Murdok, (a Fallen Angel), the pattern is exactly the same with some inference to the whole of the Middle East. The theory is that perhaps the Dimensions of Paradise are encoded in such geometry. If such is the case, the Temple of YHWH in Jerusalem matches the Temple of Murdock and that of Cydonia, Mars. The Ancients know that Temples were places where the Divine intersected or pierced the temporal, through Portals or Gates. The Bible does disclose that at such a Temple of Solomon and Herod's, GOD the Creator, YHWH's Divine Glory or *Shekhinah* rested on the Ark of Covenant. In the Temple; a 'gateway' to the Heavens. Thus a 3rd Temple must & will be rebuilt.
