NOTICE OF PENSION PLAN IMPROVEMENTS

MARCH 2020

To All Participants of the
Indiana Laborers Pension Fund

Dear Participant:

The Board of Trustees recently made changes to the Pension Plan. This letter describes the changes.

Until recently, federal law required that pension plans such as the Indiana Laborers Pension Fund begin minimum required distributions of a participant's benefits under the Plan no later than April 1 following the calendar year in which a participant attains age seventy and one-half (70½).

This law was recently amended to allow these required distributions to begin at a later age. These distributions must now begin no later than April 1 following the calendar year in which a participant attains age seventy-two (72). Your Plan was amended to reflect this change and will use age seventy-two (72) instead of age seventy and one-half (70½) for minimum required distributions for participants' reaching age 70½ after December 31, 2019.
