QUEEN CANDIDATE ONLY
Newcomerstown Cy Young Festival Royalty Contest

“Find out who you are and do it on purpose.” — Dolly Parton

This powerful statement encourages us to embrace our true selves and live authentically. Let’s break it down:

1. **Self-Discovery:** Take the time to explore your own identity. Understand your values, passions, and unique qualities. Reflect on what truly matters to you.
2. **Purposeful Living:** Once you’ve discovered who you are, live intentionally. Align your actions, choices, and goals with your authentic self. Don’t be swayed by external expectations or opinions.
3. **Embrace Uniqueness:** Celebrate your individuality. Remember that being different is a strength, not a weakness. Dolly’s words remind us that we don’t need to conform; instead, we should shine brightly as our genuine selves.

So, let’s all find out who we are and live our lives with purpose! It’s time to step “up to the plate” and let us know about you!

Using the information above, you will need to prepare a paper explaining what you think is the purpose of this statement, what it means to you personally, and how you can bring/use this statement with your court and those you encounter over the course of your journey as the Queen of the Cy Young Days Festival. The paper should be at least 3 paragraphs and one full page.
