

Meet the Teacher

3rd Grade Teacher

About Me

Hi everyone! My name is Maycee Hoke and I'm the 3rd grade teacher here at Victory Christian School. I'm originally from the tiny town of Bridgewater, SD but quickly made Jamestown my new home after marrying my husband, Micah. This is my first year of teaching, and I am beyond excited to be a part of the VCS team.

When I'm not in the classroom, I'm usually doing anything outdoors or in the kitchen trying a new recipe. Micah and I love doing anything active outdoors, so you may see us on walks or playing disc golf around town. I LOVE sitting outside during hot sunny weather—preferably with a plate of tacos right next to me. ;)

My favorite color is blue, any kind. My favorite drink is water. I'm known for taking my water bottle with me everywhere. However, an iced honey latte with almond milk sometimes ends up on my desk during the day.

My favorite place to be is my family farm or Crystal Springs Camp. Oh, and I LOVE plants.

Being a third grade teacher has been my dream since starting (and finishing) my college degree. I'm so excited to instill a love of learning into my students as well as giving them opportunities to learn through various hands-on learning experiences. My goal is that each of my students would foster a deeper love and awe for Jesus while helping them see the beauty of God's world through their academics.

There are a TON of amazing truths in the book of Psalms that talk about the majesty of God's creation and I hope each 3rd grader that I teach leaves my classroom with a deeper awe for God's handiwork, a love for His Word, and the knowledge that they are wonderfully made by a Creator who loves them deeply.
