

US 82, Fannin County, Texas

This TxDOT project involves the widening of existing US 82 from 2-Lanes to 4-Lanes, from approximately 0.5 Mi. West of SH 121 to approximately 0.5 Mi. East of SH 56 in Fannin County, a distance of 19.654 miles. As a sub-consultant to Parsons Brinckerhoff, MVE is responsible for all of the signing, pavement marking, channelization and large guide sign design for the Schematic updates and preparation of the PS&E.
