

AlkaViva (Jupiter) BioStone Basic 3.0M Ionizer Filter

AlkaViva BioStone Basic Filter

\$89.95

All Biostone Filters have Compressed Carbon Block Technology and are Made in USA

Biostone Technology

- Larger contact surface area means higher protection than GAC
- Compression Media, not sintered or extruded, provides better performance, more

stability, and longer life

- No Channeling - means superior performance
- 3.0 Micron Filtration – Estimated Life 1000 Gallons (depends on water condition)
- Uses NSF Certified Materials

Biostone Basic Benefits

- Reduces Sediment, Rust, Chlorine & Chloramines
- Scale Guard – helps protect against hard water damage
