

PORTER HIGH SCHOOL BAND SOCIAL MEDIA POLICY AND PERMISSION FORM

Please read the section from New Caney ISD's Social Media Policy regarding Team or Club Sites. If you give permission for your child/ward to be a member of the **Spartan Band Facebook Group** for the purposes of communicating with the directors or other students and for sharing information related to the PHS instrumental music program, please certify your agreement by signing below.

Team or Club Sites

Employees who maintain a social networking site for the sole purpose of communicating with students and parents such as a team or club site must:

Have principal approval;

Have written parent permission from each student invited to the site kept on file in accordance with record retention policies; and

Keep the site private and accessible only to students, parents, and campus administration.

By signing below, you acknowledge and understand the director's policy on other social media, such as Snapchat, Twitter, and Instagram. Please refer to the PHS Band Handbook under the article labeled Social Media for more information.

Students who are already members of the Spartan Band Facebook Group (which was formed prior to the adoption of the policy) may remain members as long as this signed permission form is received by **the first football game of the school year.**

Any student without an acknowledgement form on file by THE FIRST FOOTBALL GAME OF THE SCHOOL YEAR will be removed from the Spartan Band Facebook Group.
