

## Classroom Guidelines for 2020-2021 School Year

Drop off will be at the lower entrance one child at a time.

Every child will wash their hands as soon as they enter the classroom.

Each child will have their own supplies in a covered plastic container.

Social distancing will be encouraged with children and adults sitting 3 to 6 feet apart.

Children are not required to wear a mask. Each child should have a mask available for occasions where social distancing is not possible.

Each child must bring their own food from home. This is a normal practice for Maple Village Preschool.

Pick up will be at the lower entrance one child at a time. On nice days pick up will take place on the playground.
