

## Full Demonstration for Hire with Data Deliverables from Site

This should be completed in one whole day on-site, possibly with the site visit the day prior. Data processing and delivery would take place at a later date and would likely be delivered remotely.

- Pre-demo
  - COA/regulatory permitting
  - File NOTAM 48-72 hours before flight
  - Site visit (approx. 2-3 hours)
    - Select takeoff/landing locations
    - Set ground control
  - Plan mission
- Overview presentation in conference room (approx. 1 hour)
  - UAS for aerial survey
  - Industry applications
  - Overview of rules and regulations
  - Overview of UX5
  - Demo of Mission Planning process
- Flight demonstration outdoors (approx. 1-2 hours)
  - Discussion on ground control
  - Setting up the UX5 system
  - Safety briefing
  - Demo flight, possibly more than one if needed
- Post-flight presentation in conference room (approx. 1 hour)
  - Review of flight
  - Brief overview of data processing procedures
  - Look at sample data set (not from current demo site)
  - Discuss application of data
  - Set expectations and define use of data to be delivered
  - Q&A
- Post-demo (4-8 hours likely)
  - Retrieve ground control
  - Process data
  - Deliver data
  - Invoice
  - Sales follow-up
