

Wayne Trace Farms

Ready to Lay Hens

Wayne Trace Farms has been our lifelong dream...We are a successful and thriving family farm! The farm we envision blends responsible adoption of modern practices with traditional farming methods, is centered on the farm and community, is driven by learning, is focused on equitable partnerships, is dedicated to the stewardship of the land, is sustainable, and is enriching lives!

How the program works:

- *Choose breed(s) and number of 16 week old hens to sell
- *Set pick up date for customers
-availability in April, July and October
- *Post fliers and social media
- *Record orders, name, address and phone number
- *Keep Traci posted on sales
- *Remind customers 2 days prior to pick up
- *Traci will deliver your total order
- *Customers will pick up on only that day

Benefit to you:

- *Increased traffic of new and return clients
- *Increased chicken feed sales
- *Potential of increased other sales, like dog food, cat food, etc.
- *Margin of \$1.00 per bird sold

Benefit to the customer:

- *Hens that will lay eggs very soon upon delivery
- *No time investment or death loss of baby chicks
- *Hens come from NPIP hatchery and grow out buildings
- *We are a family farm and visible to the public
-experienced with poultry production and best practices
