

Lakefill Facility – Fill Material Acceptance Request Form

The permittee of the receiving lakefill facility must complete this form and obtain written DERM approval prior to acceptance of fill material originating from a new source facility. A complete request shall be submitted for review and approval as follows:

- If the material is limited to concrete rubble, the request must be submitted a minimum of three (3) working days prior to the intended date of acceptance.
- If the material is other than concrete rubble, the request must be submitted a minimum of thirty (30) days prior to the intended date of acceptance. If the material consists of soil or material with particle size similar to soil, the acceptance request must also include a soil re-use determination prepared in accordance with the Soil Re-use Guidance for Miami-Dade County. A copy of the guidance can be obtained from: https://www.miamidade.gov/environment/library/reports/rbca_soil_reuse.pdf
