ANASAZI's On The Road...

Welcome to the January 2023 Kokopelli Kronicle.

A large portion of ANASAZI members opted to attend a rally at Indio, California in the middle of January instead of a regularly scheduled ANASAZI rally in January. Adding to this, the rally registration for February's rally needed to be completed to Butterfield RV Resort in Benson by the end of December.

Taking all of this into consideration, there was no input for the January newsletter --- January rally and February rally information/registration.

We as the editors decided to go back into the past to share with you the January 2017 newsletter. This blast from the past will start after our "Blast From The Past" page. *Ron & Larry*

Presidents Message

Happy New Year! Here is hoping for a great travel year, meeting old friends and making new ones, seeing new places, and hoping the price of fuel continues to drop! Betty and I are in Indio attending the Western Area Rally in Indio California. I volunteered with Mel Jones to go in early and help set up the parking layout and help with parking at this event. I also plan to document what it takes to set-up a rally such as this to accommodate over 500 rigs and add it to next months newsletter. Volunteering is a great way to meet new friends and enjoy being a part of a large group putting on an event such as this. It is fun to see Tom Eells leading the Maestros in music and song, and Carole in the choir. Now, the ANASAZI's are starting to show up with David and Shirley, Barry, John and Darnel, and of course FMCA President Rett and Claire Porter so you know a good time is in store.

I am also working with Rett to share the word about FMCA and the powerful benefits that come with membership. At the March rally I will be able to show a new presentation we developed to update our members and share with future members about the value of having an FMCA plaque on your rig!

Soon we travel to Quartzite for the Quartzfest Ham Radio event along with the Quartzite Sports and Recreation Show. We hope to see you all in Hope, Arizona in March at our semi-annual meeting and Rally!

Travel Safe,
Wayne

Grant me the serenity to accept the things I cannot change, the courage to change the things that I can, and the kind of money where I don't really care either way.

The object of golf is to play the least amount of golf.

A Small World After All

My two-year old cousin scared us one summer by disappearing during our lakeside vacation. More than a dozen relatives searched the forest and shoreline, and everyone was relieved when we found Matthew playing calmly in the woods.

“Listen to me, Matthew” his mother said sharply. “From now on when you want to go someplace, you tell Mommy first, okay?”

Matthew thought about that for a moment and said, “Okay, Disney World”.

SAFETY REMINDER

Check Road Conditions, Construction, and Closures

Truckers have a saying: “There are only two seasons, winter and construction.” If you’re traveling in an RV, plan on running into construction.

Save time and frustration by checking one of several websites that report road conditions, closures, and construction. The [US DOT Federal Highway Administration](#) website shows a map of the states. Click on the state you will be traveling in and choose a link that shows current road conditions.

Happy New Year
