"Buck" was purchased as a two year old from Renee Clarke in Indiana and is owned by Scott Dobson of **Three D Appaloosas**. Scott and his parents, Stan and Jan Dobson of **Foggy Valley Farms**, have bred Appaloosa to Appaloosa horses for many years and currently have horses with *6 and 7 generation pedigrees* containing nothing but registered Appaloosa ancestors. "Buck" was shown at Most Colorful Halter and he has several offspring that have been very competitive in the show ring.

S an R Buck Shot is one of several very high-percentage Appaloosa Stallions being used in the Dobson's breeding program as they work toward producing 8 generation Purebred Appaloosa Horses.
