

What If

Ask me and I will show you how,

The future is bright and it begins with our Young People!!!

Today we have some of the smartest and creative youth that has ever been known to mankind. From science and technology to entertainment and literature, our youth have blazed trails that had not been explored before. Unfortunately we are only scratching the surface of such amazing talent. Our goal and purpose is to ask our young people, What If? Then we let their creative juices flow!!!!

I want to be prepared for College

So You want to go to College?

First there are some things that we just have to get out of the way to be considered for college:

1. Must pass all the required courses for graduation which includes core courses.
2. Must make the acceptable score on the **ACT** or **SAT** test as required by the college of your choice
3. Must pass any required state test.
4. Must have an acceptable GPA for the college of your choice.

Why Do You Want to Go To College?

The big reason to go to college is to better prepare yourself for the career that you want to have in life. So what kind of career do you want? You have to decide that question first and foremost to determine what you want to study in college and the type of college you will need to attend. We suggest that when it comes to your career that you look at three possibilities and that you look at what all is required in that career from education to training as well as the job outlook for that career. If you are unsure of a career visit the **CAREER HUB** on our website. College can be expensive so we recommend that you do a financial college prep college worksheet to understand all of the financial cost that may be required. You can visit the W.I.?J.A. website and complete the College Checklist Worksheet which includes the financial worksheet. <https://www.whatifjustask.com>

Now You Can..... Just A.S.K.

1. **A**sk The Question
2. **S**eek The Answer within yourself first and then use your resources
3. **K**now and believe in your abilities

College preparation is key to being successful in college. A key factor for all who chose to go to college is to make sure you have developed good study habits. Solid study habits are essential if you are choosing to go to college.
