Subject: Superintendent Search Consultant Firms

I spoke with TASB Legal this morning and interviewing the consulting firms for the Superintendent search will have to be done in open session not in closed session. Of course all Superintendent applicant interviews will be done in closed session. Therefore if you want to include a special board workshop on Monday, February 11, please let me know. We would also need to add an action item to the agenda for Tuesday night if you want to take action on that item.
