

# Golden Ball Rules

## Team Objective:

To complete the round without losing the Golden Ball.

To score the lowest round counting the strokes with the Golden Ball (full handicaps will be applied).

## Rules:

1. The Golden Ball will be rotated by hole, among the team members.
2. The Golden Ball may be retrieved from a hazard or lost condition and be put back into play, taking an appropriate penalty drop.
3. If the Golden Ball is lost, then the team is out of the competition.

## Scoring:

1. The player playing the Golden Ball counts his score for the hole.
2. On a separate line record the score for the golden ball

Each player will keep their own score, and those scores must be entered into Golf Canada as a regular game.

Matches can also be played during the Golden Ball tournament.

Have fun and bring back the "GOLD".

Fully paid up members only. Guests cannot participate or win prizes.
