Ruth Jamieson (Skin Care)

I love Sunrider® nutritional products—I've used them for years—but I never thought about using the beauty products because I thought I was already using a great product. Then my sponsor, Marv Peterson, gave me the Oi-Lin® Skin Care Trial Set. I thought I'd try it, but I was sure I wasn't going to switch products.

I opened one of the lotions and massaged it between my fingers. The velvety quality instantly impressed me, so I started using the basic skin care. I looked into the Oi-Lin® skin care products for mature skin, such as the Oi-Lin® Exceptional Cream, the Oi-Lin® Eye Cream, the Oi-Lin® Clay Mask, and the Kandesn® Revitalizing Masque. I have also added Dr. Chen® Youth Masque and Youth Emulsion. I love them!

At 50 years old, I get compliments on my skin all the time. It is like wow! I saw wonderful results and my family saw the difference too. Having great nutritional products for the inside and great herbs and botanicals for the outside is the best combination anyone can have.
