Professional Experience

**Environmental Technician, All-Phase Environmental Consultants, Inc.
September 2013-Present**

Mr. Greenfield conducts asbestos inspections throughout Southern Colorado. He is responsible for the assistance in writing Environmental Site Assessment (ESA) reports according to ASTM Standards; including preparing sampling plan schematics utilizing Auto Sketch. Mr. Greenfield has experience in environmental water monitoring and remediation systems.

Plumbing Supervisor. Plumbing Plus and Wright-Jones Plumbing and Heating

Worked as a plumber for more than 10 years and was required to perform jobs in new construction and service work. He was in charge of preparing bids and reading complex mechanical plans.

Relevant Project Experience

Mr. Greenfield has experience in remediation systems maintenance, and water well sampling. He has conducted quarterly groundwater sampling at multiple sites in Pueblo, Colorado City, Gardner, and Colorado Springs, CO. He has supervised people in the field and has been responsible for managing large amounts of data. His experience has given him the ability to understand the importance of quality control/quality assurance procedures and the capacity to adapt to ever changing regulations.
