August 30, 2021

## **IMPORTANT INFORMATION**

We would like to take this opportunity to update you regarding the August 25, 2021 UBC announcement of a vaccine declaration and rapid testing program for COVID-19.

We have been in discussions with the University about the implementation of this policy, which at this point is still a work in progress.

We have posed many questions to the University and they are working on providing answers to those, and clarity around what will be required for our membership. Further dialogue is scheduled for later this week and we will keep you updated as information becomes available to us.

In the meantime, please feel free to contact the Union Office should you have any concerns. We will endeavour to answer any questions you may have, but please note that at this time we do not have answers from the University as to how this policy will work. Once that information is available to us we will update you.

In solidarity,

CUPE 116
