

Welcome to April 2024's Paradise Pulse Newsletter

You No Longer Have To Maintain Your Yard!

Yard Sale & Craft Fair

Of course you do . . . even though it seems some refuse to.

1. Please pull **YOUR** weeds, before they become **OUR** weeds. You'd be surprised how much can be done in only 10 minutes every day.
2. Broken record time: Have your dead plants & tree(s) removed, they can't be resurrected. Some have languished in yards for years.
3. Trim up your tree branches that hang into the street. According to page 4 of our ARC rules, overhanging branches must be trimmed up to a minimum height of 10 ft above street level.

pet waste and water quality

When your pet goes potty, do you leave the waste to decompose on the sidewalk or in the grass along a trail or near the street? Do you dump the waste on the roadside or in the storm sewer? Well, if you do, you are contributing to water pollution.

Did you know that pet waste can pollute the Las Vegas Wash and Lake Mead? Improperly disposed of pet waste may be washed into storm sewers by rain or melting snow... or even the sprinklers in your yard. Our storm sewer system drains without treatment to the Las Vegas Wash and Lake Mead – **our primary source of drinking water!**

YARD SALE CRAFT FAIR

**SATURDAY APRIL 6
7:00AM - 1:00PM**

The Spring Yard Sale / Craft Fair is fast approaching - set up your treasures or walk around and visit with those who are participating!

properly dispose of butts

Rain carries cigarette butts and other litter into storm drains, washes, and ultimately Lake Mead. Dispose of cigarette butts in proper receptacles – and make sure litter doesn't happen.

Learn other ways you can protect water quality.

Nancy J. Boucher - Executive for dzineX 'Technology For Your Wellbeing'

With all the cloudy days & gale force winds we've experienced recently, it's difficult to believe Spring is right around the corner . . . but it is! We're already booking builds for our Entertainment Pergolas - customized for you, our covered and uncovered pergolas will be installed in your concrete by sturdy steel brackets and are equipped with WiFi so we can install & integrate many options, including lighting, directional speakers (so your neighbors aren't enjoying your taste in music), outdoor flat screen TV, ceiling fan(s) and automatic sun shades and more!

We start our Pergola sizes at 8'x 8' - they move up from there in size and can be built in a variety of shapes.

Brenda's Longarm Quilting

Love
That
Smiles

"Our business is different from other quilting companies as our designers are able to achieve a clear understanding of your needs . . . you pick your design, we bring it to life!" Brenda's Longarm quilting will help you pick a design to work for your quilt top. If they don't have the design you want just let them know & they'll help you find the perfect one.
