

## Spring Creek Association Tree Program

**Plant Trees in Memory** – A vibrant, beautiful tree benefits everyone in this life and future generations and is perhaps the most fitting memorial of all. Planting a tree is a direct benefit to all. It can inspire energy, courage and carry forward the name of those memorialized in a living, vital way that grows grander with years.

**Plant a Tree in Celebration**-Plant Trees in Celebration of birthdays, anniversaries, new births, or any special occasion. By planting Trees in Celebration, you can honor your loved ones while caring about the environment and beautifying Spring Creek.

**Plant Trees for Pets**-They're more than pets. They're our friends. They carve out a special place in our hearts and in our lives. And you can show them how much you care with trees planted in their honor. Whether you're celebrating a new adoption or remembering a beloved companion, the trees you plant will serve as a living tribute that will benefit our planet for years to come.

All tree donations will have a donor recognition plaque installed at the base of the tree.

### **Tree Program Policy** *(Please read before signing)*

1. This policy is designed to enable residents in the Spring Creek Association to help with the beautification of parks with doing it in a memory of a loved one, pet or celebration. Contributions will be acknowledged by a plaque. The plaque is symbolic of the donation and does not entitle the donor to ownership of the tree.
2. Only tree donations are covered by this policy. A donor requesting any other donation, dedication or memorial must apply to the SCA.
3. Donation applications will be reviewed throughout the year; however plaques and trees will only be planted twice per year – Spring and Fall.
4. Complete funding for the donation must be processed before the plaques is ordered and installed.
5. The SCA retains the right to relocate a donated element and plaque at any time. If an element needs to be relocated the SCA will contact the donor to discuss alternative locations; the Department will make the final determination.
6. A maximum of 6 lines of text and 50 characters per line is permitted on the dedication plaques. Text is subject to the approval of the SCA staff.
