'And GOD said, Let there be a Firmament in the midst of the Waters, and let it divide the Waters from the Waters. And GOD made the Firmament and divided the Waters which were under the Firmament from the Waters which were above the Firmament: and it was so. And GOD called the Firmament Heaven. And the Evening and the Morning were the 2nd Day.' -Genesis 1:6-8

The purpose of study is to comment on the topics of Space, Aliens and the Flat Earth Theory. Why? One has had a lot of questions about what one thinks about the subjects. The topics of the 'Firmament', Infinite Space, Aliens and the Flat Earth perspective are very exhaustive topics and divisive too. One has read and listened to a lot of the arguments on both sides for each subject but not to the level of being fully convinced that presently, there is a 'Firmament' or 'Dome' upon the Earth, that there is no 'Infinite Space', that 'Aliens' are the Pro-Creators of Humanity and that the Earth is not a Globe. One can only share where one is at in the Learning Curve as to these topics. That being said, one's World View or in this case, Astronomical View is based on the Bible.

Or at least how one interprets pertinent to each topic. However, it is understood that the same verses in the Bible are used to disprove the very opposite. One is not out to 'change' anyone's opinion here about all these assertions as such topics cannot be proven conclusively through mere Science or the Bible Narrative alone. As one who calls himself an 'Amateur Astronomer', one does have an open mind, or try to have about such theories, on both sides of each issue. All this to say that there are certain things one does know and certain things that one does not know or can prove either way. One will only share observations and commentaries on the subjects and where 'one is at', until further notice. One has studied certain aspects of the topics and thus can only share one's findings. So, this will be interesting for those interested in such topics. It will be detailed, so have that in mind.

Yes, the evidence for who has access to go to Space and who runs Space as in 'Space Agencies' is controlled by Nazis, Satanists, and Occultists. The modern Space Programs, especially in the USA were started with the help of all the Nazi Scientists that were funneled to the USA after World War 2 under the Code Name, Operation Paper Clip. It has been shown through much evidence and 1st hand Whistleblowers that there are Non-Human Elements within the U.S. Government. And, for example that the decision-making process goes beyond the Office of the President that is supposed to be the ultimate Authority of the Land. This is most probably the case. Such Elements are said to be in league with the 'Extra Terrestrial Aliens'. However, these Entities are nothing but Fallen Angels disguised as such.

It has been no difference in Ancient History in how 'Aliens' interacted with Humanity. One such example is the Genesis 6 account of how the Fallen Angels sought and currently still do seek to Genetically Modify Humanity. This 'League' is bestowed on the 'Chosen' so-called Elite Family Bloodlines that agree to provide all that is required of Humanity for their Genetic 'Experimentation', for example. You do not get to be the Bezos, Musk's and Branson's of the World to launch into Space without making deals. Case in point, how the Billionaire Space-Sex Race into Inner Space mocked the sacred act. See chart link for details.

Others believe the USA did not go to the Moon. That there were no 'Moon Landings'. Or that the Moon is essentially hollow as is the Earth. Such believe the Moon Landings were staged with the help of Hollywood Film Producers like Stanley Kubrick. Or that due to the Radiation Belt, the NASA Agency did not have the technology to protect its Crews from passing the Van Allan Belt, etc. However, both cases are true. See evidence of Moon Bases, cities and Mining Operations. It is said that the 'Aliens' who command the Operations there do not want widespread Human interference.

#233: LUNAR CITIES COVERED-UP?

<https://www.postscripts.org/ps-news-233.html>

The reason why NASA has not gone back to the Moon or any other Space Agency is attempting to, at least returning Mankind to the surface of the Moon is that there is heavy Alien Base activity there. This same restriction has been applied to quarter-off the Antarctic for the same reason. Then how would one explain all the footage and eye-witness accounts of countless U.S. Astronauts in particular that spoke later on about seeing Alien Space Crafts ready to have 'received' them? Or is it because such 'Aliens' do not want Humanity to discover their true nature, origins and agenda, that is against Humanity? Apparently, such Agencies like NASA and now Google Moon and Google Mars have been hard at work docking so many sites that many just 'slip through'. Or is it on purpose. Is it part of the ever-incremental Soft Disclosure?

One is of the opinion that there were Ancient Civilizations before Adam and Eve on Earth. That at such a time, there were inter-planetary travel and connections made. The book of Genesis in the Bible alludes to this condition. The account is really a 'Re-Creation' of how the Earth 'became formless and void'. Something catastrophic happened that affected these connections but the point is that they still exist, although now it has gone 'Dark'. Many Bible Scholars believe the 'corruption' that occurred not only on Earth but all of Creation was due to the rebellion of Lucifer and other Angels that followed suit. What is presently there are just the remnants of a Bygone Age.

But this Bygone Age, called the 'Golden Age' is what the 'Aliens' have been seeking, are and will eventually establish at the end of Human History back on Earth. In human vernacular, it is the quest of the various Luciferian Secret Society's to re-establish the Age through their New World Order, etc. Evidence? Consider that all the Sacred Sites on Earth, related to Governance and Spiritual Rites are all patterned after the triangulation of Cydonia, Mars. The point is that the Entities on Mars are still connected to Earth and rule Earth. See the over 400 triangulations that are mirrored off of the Cydonia, Mars base.

But again, there are not 'Aliens' as many would like to portray them as being. They are Fallen Angels that seek to use Humanity to destroy Humanity. As the Bible teaches, they come 'Masquerading as Angels of Light' or those Avatars and Guiding Masters, etc. So, for example, how does one reconcile a 6000-year old Creation account from the book of Genesis to the Scientific and Legendary evidence of there being Eons of Time in Earth distant past? In one's assessment, the Earth is 'Young', 6000 years since Adam, but also 'Old' as in Ancient. This assertion is credible as the same tales that speak of a 'Flat Earth' and Dome Model Earth also speak of Eons of Times ago that are way past 6000 years.

This is one reason why Christian Students get laughed-out of the classes in College when Science plainly can prove more than 6000 year old artifacts. Such documents that attest to the prior Ages of the Earth are found in the Book of the Dead from Egypt or the King's List of the Sumerians. Then there is the legendary accounts of the Indian 'Space Wars', Flying Ships or Chariots and Nuclear Detonations that occurred, once upon a time on Earth, etc. According to the Pre-Adamic Civilizations, such are the legends of Atlantis, Lemuria, Mu, etc. It was the Age of the Titans or the Demigods that ruled the Earth with Lucifer as their Commander.

The legends speak of how non-Earth locations such as Mars and the Moon had extensive 'Bases' and were mining operations. And there was a direct communication and common knowledge about their existence and technology. Since the Re-Creation in Genesis, all this inference of non-Human life and advanced non-Human technology went underground. Only certain aspects of them were then either taught, as Forbidden Knowledge. This was the case of the 200 Angels that rebelled on Mount Hermon and came to disclose the Secrets to Humanity and mix with them genetically.

Or only certain 'Degrees' were to be divulged through Initiation Ritual through the Secret Societies, for example. The topic of Mars is for another story of how it had an atmosphere, oceans of water and an Advanced Civilization that either were of Angelic origin or of a non-Human type of race. There is ample evidence that indeed, all Sacred Sites on Earth for example were situated on either Energy Ley Lines, or Vortices that served to open Portals or Star Gates. They had the capacity to pierce the dimensions through what is considered now 'Magic' but also through the Life Essence and Force of the Blood of Human Sacrifices.

One such place that presently that is a hotbed of 'Alien' activity and operations that has a 'hands-off' policy is Antarctica. Why? It is because it was and is remote. It is ideal for the 'Aliens' or Fallen Angels to conduct a base of operations and activity. Yet the Predictive Programming in the movies hint at this being a very important clandestine operation. For example, that it was and still is a Nazi Secret Base. One such example of a movie has to do with the Crystal Skulls of Indiana Jones, all true. And Ancient Pyramid structures are being discovered throughout the Frozen Continent. But is it all 'Frozen'? Then there are those that assert that Humans and the 'Alien' Races are collaborating in work on such bases presently on the Moon, Mars and Antarctica.

Now, having all said that as a foundation of one's knowledge in part, one does not know for sure, if there is a Firmament still present incapsulating the entire Earth? No. Does one know if there is 'Space' and that it is Deep? No. Can one prove the Sun is the same size as the Moon as some present as their argument by those espousing the Flat Earth Model? No. One can only go by the Bible and Observable Science. But one does find it disturbing and sad that the arguments for a Flat Earth, Aliens and there being no 'Deep Space'; use the Bible and Science, all the same.

One is of the belief that the whole Flat Earth, Alien and Fake Moon Landings are part of the Deception to discredit the Biblical Narrative and Scriptures. It is a Psyop to distract the Believers of Jesus and lead them into such Rabbit Trails to waist precious time in not propagating and arguing about the Gospel. Realize the Bible is not a Scientific Book to hang one's 'proof' of Science on. The Bible does give circumstances and events that from that, one can only extrapolate, like the Pre-Adamic Ages, etc. But also consider that the Firmament, which was real and Biblical was destroyed by the Flood of Noah.

It was a Canopy that enveloped the entire Earth. It was like a Green House Effect and why things grew taller and lived longer. It had to do with Oxygen levels and the filtering-out of Radiation from 'Deep' Space. As to Deep Space? One can measure the length of Planets, Stars and Objects and their distances based on the Speed of Light. Light travels through Space, which suggests a medium far beyond the 8000 mile or 1200 Km circumference of the Earth. So, if the argument is that there is no Deep Space and everything that is seen is within this Firmament Dome encapsulating the Earth, then there is no Light then. Light has to be 'fake' also.

And consider that the Dome then is only 8000 miles/12000km? And as high as on average 40 miles? Ok. Then the entire Sun and Moon would only be able to barely fit within this 'Dome'. And as it curves, the edges nearest the base could easily be 'touched' so verify its validity no? What about the other billion Galaxies? What about the mini-Solar System like Nemesis that has as 1 of its planets the infamous Nibiru that is coming-in for a last Fly-By? Surely not beyond 8000 miles away, no? One could use a Jet to maneuver into its proximity or orbit to verify. Same would go for the Sun and the Moon. One would be able to follow it on its backsides and take pictures of them.

As many may know, one loves Biblical Patterns and Typologies. With such a reference of mind, one has studied the Solar System and come to find out some interesting correlations. For example, even every Orbit of the Planets are synchronized to the Body Form that is patterned after the Creator, and of the 7 Chakras for example. This to say that each Planetary Orbit is contingent upon a Speed, Frequency, Color and Sound. These properties are the same found in the Human Physical Body, that of the 7 Energy Points.

SOLAR SYSTEM ACCORDING TO PHI

This to point out that all these orbits cannot fit inside the 8000 mile-wide Dome within the Earth based on their respective calculated distances. And these are measured from the Light that is emitted from them, etc. Or what about the Probes being sent to Deep Space? Was the New Horizon that reached Pluto a farse? And so all the Planets like the Giant Gas ones of Jupiter exist within the 8000 mile diameter and 40-mile high Dome?

MEASURE OF CHRIST – SOLAR SYSTEM

Then every Human on the surface of the Earth could be able to see the Asteroids plummet the Planets from time-to-time. No? What about the Solar Flares. If the Sun is then only as big as the Moon, about 2160 miles across, that would not be enough to cause the Massive Solar Flares that even perturb the Outer Planets. If so, then an EMP from one of such regular Solar Flares would not be able to fry all the Earth no? There are interesting arguments on both sides. But for one's self, it is not an issue or 'Hill to Die On'.

Other than yes, at a certain point, the Moon Landings were staged as they practiced the simulations, but to save face with the Soviets if need be. Yes, the NASA Space Program is only a Façade and what they really are doing. They only give the Public an entry level capacity of what they know and have. It is nothing compared to where the real money goes to and what is being done on Earth, and on the Moon, Mars, Antarctica in collaboration with the Fallen Angels posing as 'Aliens', etc.

There is something there though that is not being disclosed to the Public and the CGI that is used to airbrush-out or dock pictures and videos is bad. So, is the Earth flat? Yes. Is the Planet a Globe? Yes. It is a matter of Contextual Referencing. Most are not considering that at any segment of what one can see with the naked eye on Earth, the Earth will always appear to be 'flat'. This is correct. It is like an Ant being on a Giant Beach Ball. The Sight of Reference will always be 'flat'. These perspective will always occur even as Humans take flight in the highest Air Balloons or Air Crafts. It is only when one enters the Outer Edge of the Earth's Atmosphere that the curvature will start to emerge.

What would conclusively win one over to the Flat Earth, the 'Aliens' and there being no Space camp, would just be very simple. Would anyone who does believe wholeheartedly in such suppositions have or know of anyone that does have the equipment, and the ability to please take a picture of the back side of the Moon or the Sun for that matter as it is revolving around the Earth's 8000-mile Circumference Dome? That would do it.

Should be simple. If the Sun and Moon just revolve around each other within 30-40 miles high in the Sky from every Human Being down below in the surface, can someone please take a picture or even land on them, if they are only 30 miles wide as some purport? One's verdict? It is not going to happen. And would not the 2 Bodies, the Sun and the Moon be prone to collide with each other within this 8000-mile wide Dome at some point in time? Are their routes fixed?

Where is their shadow cast on Earth, in the case of the Moon? What keeps them in sync, if it is also not believed that Gravity exists? As one can sense, one has more questions than can be answered. The facts and reality are known. But until one is 'Initiated' and sworn to secrecy, one is left to the pretends of those that control and rule the Skies and Space, the Prince of the Power of the Air.

Is it not interesting that Von Braun's tomb stone has Psalm 19 on it?
