

## **TALL DARK AND HANDSOME**

***He's tall dark and handsome  
He's both charming and dashing  
and always ready for action***

***His moves are so perfect  
I just love how he strokes me,  
slow and deliberate is his touch***

***He's tall dark and handsome  
His loving is oh so good  
I'm like a heart held hostage***

***He's suave and debonair  
So warm warm and personable  
broad shouldered, a chest full of hair***

***His voice, like a solo  
In a jazz composition,  
engrossing and engaging***

***He's tall dark and handsome  
He's discreet, like a secret  
and what's between us is private***

***He's tall dark and handsome  
I know you wish that he was yours  
because his style of love is awesome!***

***A masculine physique  
A deep voice, that rolls through me,  
like thunder, somewhere in heaven***

***He's tall dark and handsome  
And, if I weren't so jealous  
One day I just might let you meet***
