

# Frequently asked questions; Stitchers

What is the difference between the SS-100 & SS-200?

-The SS-100 is a single head stitcher, the SS-200 is a double head stitcher

Is there a stand available for these machines?

-No, these machines are table top

What is the speed of your stitchers?

-Speed is from 6,000 – 9,000, depending on the operator

Can I stitch folded books?

-Yes, these stitchers can stitch flat and saddle

What is the biggest book I can stitch?

-The capacity of these stitchers is up to 1/4"

Will these stitchers staple my 2 pages books?

-Yes, 2 pages is the minimum

Is the table adjustable?

-Yes, it is. There is a knob under the table for easy adjustment

What size wire does it use?

-Round 25 gauge wire

Are there any type of stop or measurement guide on the table?

-Yes, there are adjustable guides as well as a measurement strip to help you so that all your stitches are precise.

How do you operate these stitchers.

-These are electric stitchers that are operated by foot pedal so that both hands are free to work.

Can I use staples with your stitchers?

-No, these machines only operate with wire spool.
