

Compliments of Your

BERKSHIRE DISASTER ANIMAL RESPONSE TEAM

EMERGENCY PET PASSPORT

Every person and each animal should have an emergency kit to ensure the best possible care and comfort during a disaster. This tool lists items and info to have ready in one place in case you must evacuate your home. Always take pets with you. It's also advisable to take this kit anytime you travel with your pets. **More preparedness info at:**

Items to include in your Pet's Emergency Kit

#1 Water and Food Store a week's worth of food and water for each pet. Include a can opener, if needed.

#2 Medications and First Aid Kit An emergency supply of needed pet medicines. First aid kit's include gauze, wipes, peroxide, tweezers, antibiotic ointment, tape and scissors.

#3 Proof of Ownership A picture of you with your pet is the best way to prove ownership, and may help reunite you with your pet if separated during a disaster.

#4 Medical Records and Veterinarian's Card Your pets medical records may expedite the registration process at a shelter and ensure they get a spot. This helps keep all animals safe. Include business card from your Vet.

#5 Leashes, Pet Carriers, Bedding Utilize leashes and carriers to protect your pet from unsafe conditions common in disasters. Include your pet's familiar bedding.

#6 ID Tags Have extra, current_ID tags. Microchip your pet and be sure to keep your contact information up to date.

Set aside any other essential and familiar items to ensure your pet's care and comfort, i.e., bowls, favorite toys and bedding, a disposable litter box with litter (tin roasting pan or box top). Keep contact info, tags, and licenses up to date.
