

The Harmony House
presents

Guitar

Who: Calling all **GUITAR** students of The Harmony House...

Learn as many scales, chords and additional skills as you can!

What: Master the “building blocks” of music for awards and prizes.

When: The Scale-A-Thon awards event will be held Saturday, March 28, 2020 from 1–3 p.m., at The Harmony House, in the Great Room. The event will include a time of honors and awards (certificates, ribbons, and trophies), scale/chord/arpeggio tutorial and demonstrations, fun musical games, and refreshments!

Why: Scales and chords are the “building blocks” of music. Mastering these fundamentals equips developing musicians with essential skills! Some students are intrinsically motivated to learn their scales and chords, while some need a little encouragement. This event will provide the motivation needed to encourage our students in the mastery of essential technique.

How: 1) Attend your private lessons regularly.
2) Practice!
3) Perform scales, chords, and other skills for your instructor to check what you have mastered.
4) Return your completed Mastery Sheet and \$20/family participation fee to our store by Saturday, March 21, 2020, at 12 noon.

Awards For Scale Mastery:

- Certificates to all participants.
- Ribbons awarded for memorizing your exercises (see Mastery sheet).
- Trophies will be awarded to the students in each scales category and instrumentation group who master the highest number of scales/chords/skills.

Happy practicing!
