### MEMBER SUPPORT NOTICE: TEMPORARY SUSPENSION OF SERVICE

Dear GasFox member,

It is with a heavy heart and optimism for a quick resolution to the growing COVID19 crisis that we are reaching out to you today. Effective immediately we are **temporarily** suspending all delivery services in the Las Vegas area.

The health and safety of our employees, customers, and communities is our number one priority. That's why we are taking additional steps to help keep both you and our employees safe during the Coronavirus crisis.

For the time being, our GasFox technicians will not make any residential fuel deliveries. We're temporarily suspending all deliveries to our GasFox residential customers in order to minimize risk to the health and well-being of our employees and customers. Additionally, we urge you to do your best to stay home.

Although fuel consumption has gone way down in Las Vegas over the past few weeks, we realize that many of our clients are continuing to drive for work and other essential activities. Our commitment to provide quick and easy access to low cost fuels has not changed and we will keep you informed as soon as residential delivery services resume.

We are living in a very difficult time with many unknowns. What we do know is we will continue to be here for you with resources available in the GasFox app.

We'll continue to closely monitor this rapidly changing situation and keep you informed. For the latest updates, please visit [www.gasfox.net](http://www.gasfox.net)

As always, the health, safety and well-being of our customers, employees and communities is our greatest concern. We will get through this together and we look forward to resuming your service in the near future.

Stay home. Stay safe. Stay connected.

GasFox  
Las Vegas
