

Meeting called to order at 12:30 due to a confused meeting place.

Some weren't able to make it! Dawn let us know the treasurer report via phone.

Jinx asked everyone to think on nominations for officers and a donation for the seminar. Also, member of the year for our region. This will happen at the November meeting.

It was voted unanimously to have our meetings at the Proud Vets from now on.

And remember no meetings on months that fall on holidays!

Membership was asked to send a letter to Lana Tise asking her to put our bill SB528 up for a vote ASAP.

Jinx gave a report on the MOTM's Michigan had 22 members there! The state and Jinx received 4 awards alone with Jim Rhoades being inducted into the MRF hall of fame and Gary Peters received a vest for his support for motorcycle issues! Michigan won most membership by 2 points Jinx was told he better watch out because they are out for him. This means if you don't belong to MRF join!!! We discussed a little about the driverless vehicles! Dan reported that Mound Rd in Detroit will be a test road. Michigan is the top state for test vehicles on our roads to date.

Profiling has been added along with 5 others to a transportation list to see if that will help us get a regular bill. We have 140 co-sponsors.

Jamie and Charlie have tickets for a chance to win a mini bike through the Big nine sportsman club. Only \$5 let's help by supporting them. Drawing Nov 7th

Don't forget the state seminar in January same place as last time in Saginaw look for add in magazine.

Get your reservations in for a good time learning and visiting with friends!

Proud Vets annual pork chop dinner the second Friday of the month great meal!

Meeting closed at 1:10

Minutes by Patty in Kathy's absence
