UREF – Founded 2001

Mission Statement
Urology Research and Education Foundation is a 501(c)(3) organization dedicated to advancing knowledge about the prevention, diagnosis, and treatment of medical conditions affecting men, through education, community service and research.

Vision Statement
If men are provided with accurate information regarding the benefits of a healthy lifestyle and regular medical check ups (and they act on it) they will be more productive, live longer, and feel better, to the benefit of themselves, their family and their community.
Prostate Cancer Support Group
