Examples include a household that has received a **24-hour or 48-hour disconnect notice** or service termination by their utility company or if an energy-related crisis or life-threatening emergency exists in the applicant’s household. **For Emergency Utility Assistance** – You must have a disconnection or final call notice on utility accounts. **Clients must:** Call HEAP Direct Appointment Lines to schedule an appointment Monday-Friday between 8am-4:45pm. **Non-Emergency Utility Assistance** – Clients without a disconnect notice may apply for an annual HEAP credit by contacting HEAP to receive an application packet by mail to be returned completely filled out. You may also download the required forms and mail them back to HEAP. It takes four to six weeks once the application is approved for the credit to be applied to your specified utility bill.

**Wood and Propane** – Clients may apply for Wood or Propane assistance by contacting HEAP to receive an application packet by mail to be returned completely filled out, or download the required forms from the website and mail them back to HEAP. ### Steps an applicant should take:

1. Select an occupation for which you have an aptitude or some previous experience and the physical ability to perform. View the complete list of apprenticeships at [www.dir.ca.gov](http://www.dir.ca.gov).
2. Find out if you meet the minimum qualification for that occupation.
3. Decide whether you can work under the required job conditions, some of which may be hazardous, dirty, uncomfortable or otherwise unpleasant.
4. Apply for the apprenticeship either directly to an employer in the occupations, the union, or the California Employment Development Department.
5. Take an aptitude or other tests where required.
6. If the apprenticeship committee has a waiting list of applicants, determine whether or not you are sufficiently interested in the occupation to wait for an opening, or whether you should seek other employment.
7. Some apprenticeship committees have applicants find their own employment with a firm which participates in the apprenticeship program.
