

dimwit

**ran into citizen intolerance today
he's never had a positive thing to say
i say, 'hello', he says, 'get out the way'**

**why are you picking on me
what did i do to hurt you**

**raised on a bottle instead of a tit
everybody knows you're a dimwit
your such a bigot, you hate yourself**

**why are you picking on me
what did I do to hurt you**

**haughty disgust
it's rude to stare
call me a freak
but we all know your wearing women's underwear**

**i try to be nice; i know i'm a slob
i'm flipping burgers; i hate my job
my name is robert; don't call me bob!**

**why are you picking on me
what did i do to hurt you**

**stab me in the back
it's rude to lie
you've go no tact
you're such a numbskull
you nincompoop!**

(what a weenie)

**why are you picking on me
what did i do to hurt you**
