

Dawgwoodzcamp, our story.

Hello, I am Greg, and my husband is Tommy, and we have been together for 30+ years. Transplants from Florida, yeah, we know, everyone asks why Missouri from Florida? We say have you seen the woodz and met the people?

We spent our younger years exploring campgrounds like ours. In our travels to these camps, we met and became friends with some great guys that we would never have met if it were not for these kinds of campgrounds. In those travel it was always the discussion while we were camping in these awesome men orientated camps, that it would be great to find our own place in the woodz and build a campground one day. Well, that dream after much discussion, became a goal, the goal has now after so many years become a reality.

Now here we are 7 years into this wonderful world of uninhibited camp ownership. Friends and groups of friends have formed, and they have become a family to us.

So, our place is a place to kick back, unplug if you need too, or keep plugged in with available Wi-Fi, sit back and catch up with friends, make new friends, or just enjoy the woodz. Emerged into our woodz you will wildlife, and if you come visit us earlier in the season you will see where our name comes from. The woodz are spectacled with Dog wood trees so, 65 acres awaits you. With amenities that include cabins, camping with or without electricity, lean too's, RV sites, or just a day pass. Enjoy the heated and cooled saltwater pool, or shoot pool

or darts in the game room, or hang out in the hot tub. Or you can head down to Patsy Rae's for food from our onsite restaurant. This past year we put in the game room; this is just the latest addition to our oasis in the woodz. This coming 2021 season the pool will be heated/cooled when needed. Thanks to some amazing members who donated the Heater/cooler to the camp.

Our camp now has annual events a few are Glowz and our Masquerade Ball, as well as a Leather run, and a Pup charity event. There is a weekend to suite your.....needs.

Check out dates ~n~ more for calendar info/event/holiday etc.

We have come to love our place in the woodz and are proud to have made an oasis for our members.

So, come on get to the woodz.
