TRANSATLANTIC TRADE AND INVESTMENT PARTNERSHIP (TTIP) AND TRANSATLANTIC FREE TRADE AREA (TAFTA)

Do you want to deepen your understanding of the ongoing Transatlantic trade negotiations? If so, you will find this list of recommended reading both practical and useful!

Librarians from the European Commission's Central Library have selected these publications from the library's collections, our e-collection, and from the web. The Transatlantic Trade and Investment Partnership (TTIP), previously called TAFTA, is a trade agreement that is presently being negotiated between the European Union and the United States. It aims at removing trade barriers in a wide range of economic sectors to make it easier to buy and sell goods and services between the EU and the US.
