

Certified Oil & Gas Drilling Technician (COGDT) Course

Course Length: 1 Day CEU's 0.6

Course Fees: \$295.00

Professional Credential: Certified: Certified OIL & Gas Drilling Technician (COGDT)

(Note: Refresher certification is required every three years to maintain professional credential.)

Program Objective

This one-day course covers the key functional areas involved in the “upstream” (exploration and production) sector of the oil and gas industry and includes a brief discussion of the roles served by the midstream and downstream functions. The course also provides context by discussing the background and structure of the industry and weaves in current topics such as unconventional drilling (shale, etc.) and current market dynamics.

Course Topics Include:

Topics:

- Introduction to OSHA Regulations
- OSHA Focus 4 Topic For Oil & Gas Drilling
- Introduction to Drilling Operations
- Drilling Rigs and Drilling a Well

This course will be valuable for:

- Safety Professionals,
- Safety & Health Committee Members
- Industrial Hygienist

- Environmental Professionals
- Managers & Supervisors,
- Others with responsibility or interest in Oil and Gas Drilling Operations.

Testing:

Students completing the course must take a proctored final exam. A score of 80% on the final exam is necessary to receive your personalized certificate of completion. The student gets three (3) attempts to pass the course.
