Carbon Valley Help Center Mission & Services

By working toward our mission to help people in immediate need move toward self-sufficiency, the Carbon Valley Help Center offers information referral to a variety of regional resources that may be able to help people get back on their feet once again.

Volunteers at the Help Center will meet with clients to discover their own strengths and skills, offer advice and support, while also establishing their needs for a better future. From there, the volunteers can help connect them with local organizations that can help.

Food Assistance

The Carbon Valley Help Center can provide temporary emergency food assistance for community residents to help sustain their families. Help Center volunteers coordinate the donations and assist in distribution to clients.

While there are a variety of food and general needs, ongoing needs include:
Beans

Canned Fruit
Canned Meat or Tuna
Canned Soup or Stews
Canned Vegetables

Cereal
Fruit Juice
Macaroni & Cheese

Peanut Butter
Pasta
Rice
