

# CONSERVATION CROPPING 2020 SEMINARS

***Managing your inputs for healthy soils...***

- ✓ Soil Health
- ✓ Cover Crops
- ✓ 1-Day Seminars

For seven years we've talked to & learned from innovative farmers who use science, stewardship, and courage to create sustainable operations. For 2020, we offer Rick Clark, IL/IN Farmer; Bryan Young, Weed Scientist @ Purdue; and Hans Kok, Soil Health Consultant, IN. These three will motivate and amaze you with knowledge and evidence of success. Don't miss the 2020 event near you.

Listen, learn, and talk to people who KNOW it will work on your land. The time to wait is over. It's time to take action! Join us - join the movement. Bring YOUR soil back to life!

**REGISTER ONLINE** and reserve your seat at one of these events. Call 217-352-3536 Extension #101 or visit [www.ccsxcd.com](http://www.ccsxcd.com) and pay a \$20 registration fee by check or credit card.
