What does Onion Creek American Legion Post 326 do?

Over the past three decades, Post 326 has awarded more than \$350,000 in scholarships to deserving Veterans and high school students. We have also contributed to dozens of community activities, charities supporting Veterans, and directly to Veterans needing help in obtaining employment or housing. We fund these efforts by hosting an annual golf tournament and by direct requests for donations to local businesses and individuals. Post 326 usually meets at the Onion Creek Country Club. *(You don't need to be a member of the Club to join us!)*

Who is eligible for American Legion membership?

If you've served just one day active duty since December 7, 1941, and have been discharged under honorable conditions, you are eligible to join the American Legion. It's not necessary to have overseas or wartime service. If you're thinking "I'm not eligible because I was 'just' in the National Guard or Reserve," you're incorrect. You served your country. National Guard and Reserve duty qualify for Legion membership. If you went on even one day of active duty for training in the National Guard or the Reserve, you are eligible.

How do I join?
