

>> Good afternoon,

>>

>> I wanted to write you for several years now. My wife and I purchased a black lab puppy from you when we were moving from Miami, FL to Seattle, WA in 2012. I was in the military and transferring mid year. We purchased from you a female puppy we named Jazz. The sire was Majestic Oaks Mack II and the dam was Ringneck Little Luv Life.

>>

>> About two years after our move to Seattle I left the military and began volunteering with a Search and Rescue organization that trains K-9's to find lost people in wilderness and urban environments. Our puppy Jazz took to the training with ease and quickly certified after a 2 years of training.

>>

>> I thought you would like to hear what your amazing dog is doing and how she is saving lives every year. I hope you are still breeding because when I have to retire Jazz I would love to get another dog from you!

>>

>> You can visit our web site to see more. www.kcsearchdogs.org

>>

>> I've attached a few pictures and a video so you can see what Jazz does.

>>

>> Best regards,

>>

>> Ernie Ramos
