BNC Phoenix Presents Our Fall Event

Friday, October 11, 2019 – 10:00 am

Learning to Magnify The Mind

Why our work matters

Guest Speaker, Josh Trachtenberg, Neuroscientist

BNC Phoenix has been very fortunate to obtain Josh Trachtenberg, Neuroscientist and Professor of Neurobiology at UCLA, as our speaker for the Fall Event.

Josh Trachtenberg graduated from Brandeis in 1990 and is a leader in studying the living brain in action using advanced imaging technology. After establishing his research laboratory at U.C.L.A., he founded a company – Neurolabware – in order to build the sophisticated custom research microscopes that are needed to perform groundbreaking work in understanding how the brain develops and how diseases and injuries interrupt its normal functioning. Dr. Trachtenberg will discuss how the new Brandeis microscope is a game-changer in the field of neuroscience.

For further details, see page 3.

Co-Presidents' Message

Dear Fellow Brandeis Members,

The anticipation is over! The 2019 - 2020 Study Group Guide has arrived. Thank you to Joellyn Pollock, Kathleen Witkin and their committee for doing an outstanding job. Thank you to Merrill Kalman, our study group registrar and to Sara Leopold, our Study Guide coordinator. Well done, well done!

There are so many wonderful study groups to choose from. Enjoy reading, then there are several book groups to choose from. Enjoy the arts, there will be a group for you. Like to be active, there are several sports-oriented groups available. Enjoy a good conversation, then join a discussion group. Enjoy dining with new and old friends, then there are several groups to choose from. Identify your interest and there will probably be a study group to fill that interest. If you don't find a study group that fuels your interest, then think about becoming a facilitator next year and sharing your passion. After all, we are a Chapter that is dependent upon our spectacular member facilitators, who have volunteered to share their interest with others.

Since we are a volunteer organization we depend on you to make this Chapter shine. If you are considering becoming more active in our Chapter, come to the Volunteer Outreach program on September 16th (for more information see page 8) and find out how you can contribute.

The Programming Committee is planning our Fall Event (see page 3). Perhaps this could be the area where you would like to contribute your talents. You are needed and you are always welcome.

While we are having fun contributing and joining study groups, we also have a bigger purpose. Our purpose in the BNC is to support Brandeis University. This year we are proud to announce that our new campaign will support the Brandeis library.

Honoring our History: Transforming Unique Collections Highlighting Social Justice

In light of increasing anti-Semitism, restrictions on immigration, and institutionalized sexism, the unique collections at the Brandeis libraries that speak to such topics are more important than ever. Providing electronic access to these materials will help preserve the originals while inviting new forms of digital scholarship and ensuring global and continuous access to our valuable, one-of-a kind research collections.

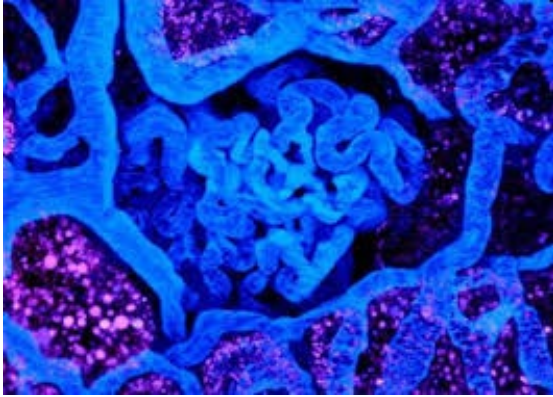

Hoping to see you involved and enjoying yourself,

Marcia Langer & Judy Levine
Co-Presidents, BNC Phoenix Chapter

Fall Event 2019

Don't Miss This Unique Opportunity!

**Our Fall Event features
Josh Trachtenberg, Neuroscientist
and Professor of Neurobiology at UCLA
as our speaker.**

Just about everyone has been touched by neurodegenerative diseases. This past year, our chapter worked to support the Magnify the Mind: Advancing Neuroscience Research Initiative. Thanks to your generosity, we met our goal and Brandeis University is now in the process of obtaining a two-photon microscope. The 2-photon microscope can be reconfigured and kept up-to-date as techniques evolve. By making this investment, Brandeis will enable researchers to engage in groundbreaking work and stay on the cutting-edge of neuroscience research.

The Study Group 2019 - 2020 season is in full swing!

On August 18, our Study Group Guide went 'live' - and registration has been brisk. Many of your favorite activities have returned, plus there are brand new offerings for a total of 59 groups with engaging, informative and interesting activities.

If you have not yet signed up for some of the study groups, now is the time. Many groups will start meeting the beginning of October. The **Study Group Guide** containing detailed descriptions of all the groups is available on our website, as is the **Registration Form**: www.brandeisphoenix.org/study-groups.html

If you have signed up for any of these groups, you are registered for them unless otherwise notified. The facilitators of the group will contact you later this month to welcome you to the group and set up the first meeting time.

Many of the study groups have already reached their maximum capacity. Be sure to check the updated registration form on our website to note which groups are still available. There are many groups left to join, so but be sure to send in your registration quickly.

REGISTRATION

The cost per study group is \$20 (\$25 for Men of Brandeis, Concerts & Conversations and Arizona Authors Speaker Series). Since many groups fill quickly, send in your registration form as soon as you can! If you've joined our groups before, then you already know how wonderful they are; if you're a new member, you have a real treat in store. Look through the Study Group Guide, join all the groups that interest you - and tell your friends!

MEMBERSHIP

Brandeis Study Groups are for the benefit of BNC members only. If you have not yet renewed or joined, you must do so before you can be registered for a study group.

The 2019-2020 fiscal year brings some technology changes to BNC for annual membership dues. Dues renewal is online this year! The membership fee is \$60 for an individual or \$100 for a couple and covers our fiscal year through June 30, 2020.
