

October 5, 2020

Today, October 5th is World Teacher's Day. I feel blessed to teach with a wonderful group of teachers who have worked individually and collaboratively to bring your children safely back to school supporting them on their road to learning.

That being said, we continue to try and mitigate risk and keep our school community healthy and safe. We remind you to provide your child with a clean mask daily.

We are currently out of our disposable children's masks. We are still accepting donations of masks, sanitizers, and disinfectants.

**Dates to Remember:**

**Tuesday, Oct 6th** - HSA meeting, 7pm at the school's parish center. Masks are required. Important information on Fall Fundraiser, Rummage Sale, Auction/Gala etc.... will be discussed. Please plan to attend. (remember you will receive 1 PIP hour for attending.)

**Wed - Sat Oct. 7th - 11th** - Fall Rummage Sale (please consider volunteering, if you haven't already. PIP hours will apply)
