October 2016

**Missile Base Road update -**  
Contractors will start pulverizing the existing road bed on September 29 with paving to begin on Oct. 14<sup>th</sup>.

**THANK YOU**  
to anyone who helped make the  
2016 SE Spokane County Fair a success!

**TRICK  
OR  
TREAT**

We'll update  
The drilling on our new well started September 26<sup>th</sup>...we will keep you updated on the progress as we receive information.

We have completed reading water meters for the year. It is now time to pack your meter.

To Rockford Residents who have reduced your water usage...

**THANK YOU**

Public Works can see a huge difference in our water usage and greatly appreciates the efforts!

Please remember all animals in town limits need to be licensed through SCRAPS. Also any building, fences, or digging need to go through town hall prior to starting. We are here to help in any way we can, if you are unsure if your project requires a permit, please do not hesitate to call us and ask.

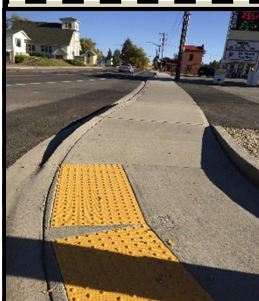

The statewide burning ban is scheduled to be lifted as of September 30. Unless it is extended, authorized fire pits will then be allowed for recreational fires. There is no other burning allowed in the town limits. Please watch the town reader board or check the website for updates.
