Welcome to the Badlands Angus Alliance Bull & Bred Female Sale. This is not only a partnership between Best Angus, Strommen Ranch, and Talkington Angus Ranch, it is also a partnership with all of our current and future customers. With our combined resources and marketing assistance from our partners at Stockmen's Livestock Exchange in Dickinson, ND, **we are committed to helping our customers add value to their females** and building the Badlands Angus Alliance sale into **THE PREMIERE SOURCE for bred females in western North Dakota.**

This inaugural sale features more than 400 elite, source and genetic-verified bred females from our respective programs and from our commercial customers. **We are proud of the exceptional herds our customers are building and we are excited to help them market their top females through this sale.** They are either influenced by or bred to Best, Strommen or Talkington seedstock.

These bred females are the type and kind you can use to build a profitable, sustainable herd for generations. They are bred to be easy-fleshing cattle that are productive on minimal inputs, with enough emotional intelligence to be handled with minimal labor, and enough survival instinct to get out and forage, nurture their calves and bring in pounds at weaning.

Many of them have been ultrasounded for calving dates. They are all source verified and bred to known calving-ease genetics. A full ranch and production history on each consignment is included in the heifer listings.

The coming-2-year-old ANGUS bulls are thick, stout, rugged, fully guaranteed and will be ready for service in big country. They were retained specifically for this sale. We are excited to offer these bulls as it gives us a chance to see our genetics as they age and develop. These bulls have been slowly developed with soundness and longevity in mind with an optimum gain not an excessive gain. **Our ultimate goal is to have the bulls range-ready, sound-footed and ready to go to work for you!**

Bull & Bred Female Sale DEC. 4, 2018

1 P.M. MST ~ STOCKMEN'S WEST, DICKINSON, ND

SALE DAY PHONES

Shane Talkington Cell..... (701) 290-7222
Pete Best Cell..... (701) 570-6959
Aaron Strommen Cell (701) 290-7983

SALE ORDER • Bulls will sell first then females will follow.

TERMS AND CONDITIONS • Bulls sell under the standard terms and conditions of the American Angus Association. Terms of the sale are cash. Full payment is due on sale day.

BASE PRICE • All bulls will have a minimum price of \$3,000 sale day. Bidding will begin at the base price.

BULL DEVELOPMENT • These bulls have been handled correctly and developed without ANY creep. They have been fed just enough to express genetic differences, but not overfed as to compromise soundness or longevity. We want you to have a bull that will do his job and last for years.

EPDS • EPDs are current as of Oct. 22, 2018.

SALE TIME • The sale starts at 1 p.m. MST.

BULL DELIVERY • We will offer free delivery on the bulls within 500 miles of Dickinson, N.D. Deliveries will begin immediately following the sale.

John Fischer, Stockmen's Livestock Exchange..... (701) 290-1606

HEALTH • All bulls have been on a complete health program as prescribed by our respective veterinarians.

FERTILITY • All bulls have passed a fertility exam performed by Dr. Gary Scheiber for the Best Angus bulls, Dr. Pat Bierman for the Strommen bulls and Dr. Chance Noyce for the Talkington bulls.

SIGHT UNSEEN PURCHASES • If you, for some reason, are unable to attend the sale, but wish to place a bid, feel free to call us and we will handle your bid as if you were here. If you wish to be on the phone during the sale, we will try to accommodate your request. Please let us know in advance so arrangements can be made. All sight unseen bull purchases are fully guaranteed.

GUARANTEE • The bulls are fully guaranteed for one breeding season.

LIABILITY • Anyone attending this sale does so at their own risk. Neither the owners nor anyone connected to this sale, assumes any liability, legal or otherwise.

Cattlemen & Friends - Thank you for your interest in our new venture. We are very excited to join up with the Strommens and Talkingtons to develop a sale and program that will add value to our customers' cattle. We ranch southeast of Watford City in some of North Dakota's roughest country and we are committed to producing cattle that will not only work under these harsh conditions, but cattle that are acceptable and profitable for the rest of the beef industry, as well. Feeder cattle have to grade and grow or that buyer won't come back. We need our customers' cattle to be profitable for them.

With labor continuing to be at a premium, raising cattle that can take care of themselves and be in balance with nature will be more and more important. Our easy-fleshing cattle that are productive on minimal inputs fit this need. Cattle need to be structurally correct so they can cover country and stay in the herd for the long haul. Udders need to last and teats small enough so calves get going easily and independently. Cattle must have enough emotional intelligence to be handled with minimal labor, but have enough survival instinct to get out and forage, nurture their calves and protect them from predators. Breeding cattle is a balancing act, but it takes standards and discipline to make progress.

We have included a variety of bulls in this sale. They are not hold overs or bulls that didn't sell last spring. Some were used as cleanup on our registered cows last year; others were used on the excellent set of heifers we bought from Trent Schneider of Hebron and Cameron Dodge of Watford City. Many were born between April 10 and May 5, 2017. They've all been Trich tested and received a full vaccination program, so you can buy with confidence.

We are a family operation and we thank everyone who helps us keep Best Angus running. We would also like to thank our customers. Without your support we would not be in the seedstock business. We invite you to Dickinson, Dec. 4, 2018, to check out the inaugural Badlands Angus Alliance sale.

-Pete, Vawnita & Kyle Best

This one is a herd bull. His ET brother was the high selling bull in our 2018 production sale. We kept this one to use because we liked him a little better. Dam is one of our very best cows from a strong family. We used him one cycle on our registered heifers and then turned him out with our registered cows.

I am a big fan of the Rainmakers. They are very gentle and easy-going and this bull is no exception. The Rainmakers held up very well throughout the breeding season. This bull takes after his ET dam who was a moderate-framed, stout, little cow with a picture-perfect udder.

Cattlemen & Friends - We are proud to partner with Bests, Talkingtons and our respective customers to offer this unique sale. We believe it will become the premiere source for maternal Angus genetics in western North Dakota.

Strommen Ranch is located 4 miles off of the Missouri River along the Cantapeta Creek near Fort Rice, ND. Our herd consists of fertile, functional, easy-fleshing cattle that raise a big calf without creep feed. We believe that true profitability in the beef business is driven by cattle that have the Maternal POWER to do more with less. As your seedstock provider, we want your operation to be profitable and sustainable for generations – regardless of the market. That is why we require our stock to thrive in a Northern Plains, grass-based environment with minimal supplementation. They must do more with less.

Strommen Ranch cows must calve annually and wean a calf that is a high percentage of its dam's bodyweight. They must also possess the basic phenotypic traits to cover country, breed on time, have the smarts and mothering ability to do it on their own, all the while performing under the conditions that Mother Nature has dealt us. We select for fertility, longevity, sound structure and realistic performance in the cow herd. Cattle that breed early in the cycle, are structurally sound and can raise big calves efficiently in a practical environment with minimal inputs are the kind of cattle we produce and believe will have a positive impact on your bottomline now and into the future.

The bulls we're bringing to Dickinson embody this philosophy. Retained expressly for this sale, they are rugged, stout, sound, packed with generations of Maternal POWER and are ready for service in big country. We look forward to seeing you Dec. 4, 2018 and invite you to our ranch, west of Fort Rice, N.D. Feb. 23, 2019, at 3 p.m. CST, for our Maternal POWER Angus Bull Sale where we'll sell 60 yearling Angus bulls.

-Aaron & Sheyna Strommen, Cassidy, Cooper & Clint

Maternal POWER ANGUS BULL SALE

At the Ranch | **Feb. 23, 2019** | Fort Rice, N.D.

Selling **50** Yearling ANGUS Bulls by Bruin Torque 5261, Sinclair Emulation XXP, Connealy Capitalist 028 and more.

We used Juneau because of his ability to make outstanding productive females and performance cattle with muscle and guts. These two from our ET program are exactly that-masculine, deep, rugged and massive from all angles. Their easy-fleshing, productive donor dam has a progeny WR of 6/108, is double-bred N Bar Shadow, and stems from the proven Kinochtry Beauty cow family at Sinclair.

Cattlemen & Friends -

Welcome to the first Badlands Angus Alliance Sale and thank you for your interest in this new endeavor with our fellow Angus breeders and friends, Strommens and Bests. To our past customers, thank you for your continued support.

To those of you that don't know us, we are a fourth-generation operation located on the edge of the Badlands between Belfield and Medora, N.D. Our family has raised commercial cattle in this location for 112 years and we started the registered portion of the operation 20 years ago. We are proud to say that our registered herd is managed just like our commercial herd. They must earn a living in a rugged environment just like all our customers' cattle do.

Although our two-year-old offering is limited in size this year, we plan on expanding that portion of the operation as we go forward. We also look forward in not only helping assist customers in marketing and adding value to their bred heifers, but also providing a source for quality replacement females for the region.

- Shane, Amanda, Abby, Hadley, and Cade Talkington

Bests · Strommens · Talkingtons*

Commercial Bred Females

These bred females are the type and kind you can use to build a profitable, sustainable herd for generations. They are bred to be easy-fleshing cattle that are productive on minimal inputs, with enough emotional intelligence to be handled with minimal labor, and enough survival instinct to get out and forage, nurture their calves and bring in pounds at weaning.

Many of them have been ultrasounded for calving dates, are source verified and bred to known calving-ease genetics. Sale order will be determined by Stockmen's Livestock as they are managing this portion of the sale.

If you have cattle out of or bred to Strommen, Best or Talkington bulls and you'd like to consign bred heifers in 2019, please contact us!

Contact: **Shane & Amanda Talkington, Belfield, ND**
(701) 575-4159 • (701) 290-7222

Shane and Amanda are the 4th generation to ranch on the edge of the Badlands between Belfield and Medora. These heifers are out of their commercial cow herd that has an extensive list of AI sires selected for maternal function and performance. They have been developed slowly on a forage-based diet and will run on native grass until sale day. The AI'd heifers are bred to Tehama Tahoe B767, a calving-ease bull with explosive growth and added phenotype from one of the top cow families at Tehama Angus Ranch. The bull-bred heifers are bred to calving-ease sons of KCF Bennett Absolute. All of the heifers have been de-wormed with Safe-Guard and poured with Clean-up II. They received Vista 5 VL5 prior to breeding. They'll weigh about 1,100 lbs on sale day and were ultrasounded by Dr. Chandy Olson. The AI bred heifers are due March 1 and the bull bred heifers are due from March 20-April 25.

25 BRED HEIFERS, DUE MARCH 6
25 BRED HEIFERS, DUE MARCH 18

Contact: Jerry Schmidt • (701) 471-6906

Jerry Schmidt of Driscoll, N.D. is known for his outstanding bred heifer development program. He is bringing 50 easy-fleshing, highly maternal bred heifers that originated from the Prairie Diamond Ranch of Hebron, N.D. Their pedigrees go back to Strommen Ranch sons of Resource also Advance, Territory and Bandwagon bloodlines. These one-brand heifers are AI'd to SAV Ten Speed with 25 head due March 6th and 25 head due March 18th, every one having an AI sired calf. Tremendous opportunity here to purchase high-quality, reputation replacement females with herd history and breeding to go along with. They were ultrasounded and sexed by the Steele Veterinary Clinic. These heifers were developed on native pasture. They are on grass hay and supplement the last 30 days and will weigh around 1,100 lbs by sale day. They've received a full herd health, vaccination and mineral program including Bovishield Gold VL5, Saber and Purina mineral.

(701) 497-3053 • (701) 898-1264

Jordan and Heather are 3rd generation ranchers located 60 miles southwest of Minot, N.D. The heifers they've consigned are AI'd to Connealy Comrade, a time proven calving-ease bull that produces progeny with tremendous docility and females that you can build a herd around. The pasture-bred heifers are bred to SAT Confidence 628, a low birth weight bull from Talkington Angus sired by Connealy Confidence. This group of heifers was purchased from the Eddie Berentson herd at Minot, N.D. They will weigh 1,100 lbs on sale day and have been vaccinated with CattleMaster FP and poured with Dectomax.

Connealy Comrade

Connealy Confidence 0100

Justin Lund, Ross, ND

10 BRED HEIFERS, DUE MARCH 5 FOR 25 DAYS

20 BRED HEIFERS, DUE APRIL 1 FOR 25 DAYS

Contact: Justin, Bernadette, Prayrie and Dayne Lund, Ross, ND
(701) 629-1424

Justin and Bernadette are the 4th generation of Lunds to ranch in Western Mountrail County. These top-of-the-herd heifers are sired by Rito 6EM3 of 4L1 Emblazon and by Strommen Ranch sons of Resource and sons of Open Country. They are pasture bred to calving-ease sons of Connealy Capitalist and Wisdom. Ten head will calve March 5-31 for 25 days and 20 head will calve April 1-25 for 25 days. Justin has used AI breeding within his herd for many years and the heifers will have a genetic tabulation of some of the breed's best. The genetics represented here should allow these heifers to calve easily and the feeder steers should grow well and their heifers will be keepers. The bred heifers they've consigned were developed on the native range of the White Earth Valley. These heifers were pregnancy ultrasounded by Hermanson Vet Service and received a full vaccination program including BoviShield Gold 5+VL5 in the spring, CattleMaster 4+VL5, ScourGuard 4KC and Dectomax this fall. They will weigh approximately 1,050 lbs on sale day.

Rito 6EM3 of 4L1 Emblazon

SAV Resource 1441

David & Nila Meuchel, Dickinson, ND

10 BRED HEIFERS, DUE APRIL 15 FOR 25 DAYS

Contact: David & Nila Meuchel, Dickinson ND
(701) 483-6904 • (701) 260-0368

David and Nila are first generation ranchers and have had cattle for about 15 years. In that short time, they have built a very impressive herd. They have purchased a couple of groups of Talkington heifers and have implemented an extensive AI program over the last seven years. These heifers are naturally bred to a Confidence son from Talkington's. Meuchel's have had four calf crops out of him and he excels for calving-ease, vigor at birth and docility. The majority of these heifers are AI sired by SAT Revival, War Party, Comrade or Answer 71. Meuchel's operation consists of two locations - East of Dickinson and North of Beach. The heifers were poured with Ivomec this fall. Preg Guard Gold FP10 was administered this spring. They were pregnancy ultrasounded by Dr. Erika Schumacher; will calve April 15th for 25 days and should weigh around 1,150 lbs on sale day.

37 BRED HEIFERS, DUE APRIL 10 FOR 50 DAYS

Contact: Dave & Tammy Vetter, Berthold, ND
(701) 720-1479

Dave and Tammy are bringing 100% of their top-cut replacements to the sale with none held back. They've developed a highly fertile herd of moderate-framed, easy-doing cattle backed by Emulation and Ohlde breeding. The heifers are sired by sons of maternal powerhouses including Game Day, Royal Duke, Identity and Fortunate Sons. They are pasture-bred to Strommen Ranch sons of Connealy Thunder and will weigh approximately 1,000 lbs on sale day. Developed in the hills and coulées of the Des Lacs River Valley, these moderate-framed, cake-broke, gentle replacements are the kind any discerning cattleman would be ecstatic to have. They've received a full vaccination and mineral package, including, Preg-Guard 10 in the spring, CattleMaster VL5, Scour-Guard, Vitamin A&D and Dectomax this fall. Dr. Kristi Best ultrasounded this lot and they are due April 10th for 50 days.

(701) 842-4865 • (701) 570-6959

We started our heifer development program in 2015. We source these heifers from ranches that have excellent cow herds bred to top maternal bulls. This year is no different. These heifers are from Cameron and Jan Dodge of Watford City, N.D. They are respected members of the community and their cattle have a terrific reputation, as well. Their cow herd is based on genetics from GDAR of Sidney, Bar JV Angus of Fairview MT, and Best Angus & Quarter Horses. This ranch has been buying bulls off of the top at these sales for multiple generations. This is one of the nicest sets of cows that I have ever seen. These are big, broody heifers that are going raise big, heavy calves. They were poured with Ivomec and they've also had Vira-Shield and Fusoguard vaccines. They will weigh 1,100 lbs by sale day.

Contact: **Pete & Vawnita Best**

(701) 842-4865 • (701) 570-6959

We keep and breed most of our heifer calves each year. This allows us to put additional selection pressure on our young cows and improve the overall quality of our herd. When we keep extra heifers, we need to sell good cows. The main reason we are selling the young cows that we are selling is they will be on the back end of our calving season. The AI'd heifers were AI'd to Best Box Cross 291, Basin Excitement and Angus Alliance Winchester 975. The bull bred cows were bred to sons of Fortunate Son and Rainmaker.

All of the cows are registered, registration papers can be requested for an additional fee. All of the home raised bred heifers are out of registered cows, but some did not DNA type to our sires. You can also request registration papers for an additional fee on the registered bred heifers. The cows and heifers have all been ultrasounded for pregnancy. They have been poured with Ivomec and received a Vira-Shield booster vaccine when they were ultrasounded. These cows are ready to go and they should fit right into your herd

(701) 842-4865 • (701) 570-6959

Trent Schneider of Hebron allowed us the privilege of selecting from the top of his heifer crop. Trent has developed a reputation and a strong following for his females. This herd of cows has earned their reputation for producing top heifers. They are smaller framed heifers that are deep-ribbed and easy-fleshing. They are feminine, attractive females that should have excellent udders. Trent's herd is based primarily on genetics from McCumber Angus of Rolette, ND and Best Angus & Quarter Horses. Trent's philosophy when buying bulls is to buy really good bulls, but even more importantly, make sure they are out of the very best cows. This is an excellent set of heifers.

Best Right Time 7035 • Owned by Trent Schneider

Bull & Bred Female Sale **DEC. 4, 2018**

1 P.M. MST • STOCKMEN'S WEST, DICKINSON, ND

The Best, Strommen and Talkington herds are each backed by a similar maternally-oriented, balanced-trait breeding philosophy. We each place heavy emphasis on fertile, efficient, easy-fleshing cows, which is why our genetics fit well together for discriminating cattlemen who desire cattle backed by generations of MATERNAL POWER – phenotypically appealing females with good feet, great udders and outstanding docility.

We invite you to join us in Dickinson on Dec. 4, 2018, for the inaugural Badlands Angus Alliance Bull & Bred Female Sale featuring elite, source-verified bred females from our customers and stout, rugged, coming 2-year-old bulls from our programs.
