

Eighth Gate

www.silktreegroup.com

Location: Damascus, Syrian Republic
Project Value: 500,000,000 AED
Services Provided: Landscape Design
Size: 45 Hectares
Client: Emaar/IGO

Emaar IGO joint venture have commissioned Silk Tree International to carry out the landscape design, documentation and site supervision of the Eighth Gate project in Damascus. This project is the first major development of its kind in the Syrian Republic and includes retail, commercial and hospitality spaces that all need to be tied together with a unique landscape design. The contract for this design began in March 2009 with completion of works expected to take place by 2011.
