

PROGRAM

On-Farm Visits

Climb up into the cab and help plant corn or soybeans, manage crop health, or harvest an acre of corn or soybeans between April and November.

Updates

Receive periodic updates on the different stages of production throughout the growing season.

Profits

The profit from your acre will be donated to a local food pantry of your choice.
(Must complete two on-site visits to qualify.)

The Winnebago-Boone Farm Bureau will match the profit from your adopted acre.

ADOPT-AN-ACRE

Winnebago-Boone Farm Bureau's Legislative Team invites you to Adopt-An-Acre of corn or soybeans this growing season.

Follow along with one of our local farmers throughout the growing season and see how farmers plant corn or soybeans; manage plant health; harvest; and sell the grain.

CONTACTS:

Soybeans: Cody Book

Book Cattle and Grain, Harvard, IL
815-378-3607
